

*Prepare  
for change—  
stay covered*  
Stay on track with your  
Tarceva treatment

Plan ahead in 2008—  
*stay covered in 2009*

**Always double-check your  
insurance coverage before  
the new plan year starts.**

You may have a new insurance plan.

Your current insurance company could:

- *Reduce the number and types of medicines they will cover*
- *Require preapproval before your medicines will be covered*
- *Reduce coverage of certain costs*

Medicare Part D coverage restarts  
in January.

- *Your out-of-pocket costs may increase based on the deductible for the new year*
- *You may need to reapply for co-pay assistance*

**Make sure  
your Tarceva  
treatment  
can continue  
without  
interruption.  
Your doctor  
can tell you  
whether Tarceva  
Access Solutions  
or a specialty  
pharmacy is  
right for you.**

**Access Solutions™**
