\*This represents a partial list of specialty pharmacies supplying Tarceva. It is not intended to serve as a comprehensive list. Genentech and OSI do not endorse the use of any of the listed pharmacies in particular.

# Tarceva prescription and insurance resources

Genentech, Inc., and OSI Pharmaceuticals, Inc., offer resources to healthcare providers and their patients to assist with changes in prescriptions and insurance coverage issues.

We develop medicines for serious or life-threatening medical conditions and we believe they should be effective, safe, and accessible to the patients who need them. At Tarceva Access Solutions, we are here to help find a way for you to get Tarceva for your patients, regardless of their ability to pay for it. If your patients have difficulty paying their co-pay for Tarceva, an Access Solutions specialist can refer them to an independent, nonprofit organization for financial assistance. Call us at **1-888-249-4918** weekdays, 6 AM to 5 PM PST or visit our Web site at **[www.TarcevaAccessSolutions.com](http://www.TarcevaAccessSolutions.com)** for more information.

Visit **Tarceva.com** for additional information and resources.

Please see a Tarceva clinical specialist for full prescribing information.

## Dose Modification Exchange Program

In the event that a patient requires dose modification, the Dose Modification Exchange Program may replace, free of charge, the remaining tablets in his or her existing prescription with tablets of the reduced dose.

For assistance with the Dose Modification Exchange Program, please contact Genentech Customer Service at **1-800-551-2231** or **[customerservice@gene.com](mailto:customerservice@gene.com)**.
